Is the insured over the age of 65? \_\_\_\_\_ Is the insured disabled? \_\_\_\_\_

**UNDERSTANDING OF PRIVATE PROPERTY DEBRIS REMOVAL PROGRAM**

We understand that we, the property owner(s), will be the contracting party. \_\_\_\_\_

We understand that we, the property owner(s), are solely responsible for payment to the contractor/operator for the debris removal services on our property. We further understand that we are responsible to make direct payment to the contractor/operator as required by that contract for such services. \_\_\_\_\_

We understand that the County of San Bernardino, and the County of San Bernardino Solid Waste Management Division (herein referred to as the "County") is acting only as facilitator in this process and in no way endorses the contractor/operator we have chosen for debris removal services. \_\_\_\_\_

We understand that it is our responsibility as the property owner and contracting party to fully and thoroughly verify the licensing, and insurance status of the contractor/ operator we have chosen prior to entering into a contract for debris removal services. \_\_\_\_\_

We understand that the County accepts no liability for any damage that may occur during debris removal services on our property. We further agree to hold the County harmless should any such damage occur to our property during debris removal on our property. \_\_\_\_\_

We understand that this program is voluntary and we may opt out of participating at any time as long as we opt out prior to 72 before the debris removal job start. We further understand that if we should choose to opt out of participating after entering into a contract for debris removal services we are solely responsible for any cancellation fee, loss of deposit, or legal action that may arise from such program cancellation. Program cancellation does not mean the contract with the debris removal contractor is cancelled, nor does it absolve us of our responsibility to perform cleanup of the property. \_\_\_\_\_

We understand that any waiver we have signed allowing debris removal of adjacent properties, trespass by contractor/operator working on the adjacent properties or any other activity requiring movement on our property for the purposes of working on adjacent properties is not by direction of the County and voluntary on our part and therefore waive any legal action against and hold the County harmless for any/all damages that may occur due to this type of activity. \_\_\_\_\_

We agree to remove any belongings we wish to retain, or any temporary living quarters such as a motor home or recreational vehicle, as directed by contractors/operators debris removal schedule to allow for optimal access to our property and those adjacent to or below our property. \_\_\_\_\_

We agree to mark or inform the contractor of septic tanks or other underground hazards that may be present on our property prior to the scheduled debris removal date(s). \_\_\_\_\_

We understand that every effort will be made to notify us of debris removal schedules, power outage schedules, parking restrictions and other activities that may be related to the Block Removal project. We further understand that we may be inconvenienced by these activities and waive any legal action against and agree to hold the County harmless for such inconvenience. \_\_\_\_\_

We additionally agree to not hold the County responsible for damage to landscaping or other structures that may occur on the property during such debris removal process. \_\_\_\_\_
